Businesses able to locate in other states and serving multi-state and/or international markets are targeted. Call Centers and Shared Service Centers may qualify for incentives if certain economic criteria are met. Retail activities, utilities, mining and other extraction or processing businesses, and activities regulated by the Division of Hotels and Restaurants of the Department of Business and Professional Regulation are statutorily excluded from consideration. All projects are evaluated on an individual basis and therefore operating in a target industry does not automatically indicate eligibility.
